In Conjunction With

American Crime
Prevention Institute

The American Crime Prevention Institute (ACPI) provides crime prevention training and resource materials for both law enforcement agencies and community organizations. ACPI instructors are among the most knowledgeable and experienced crime prevention specialists, each with impressive law enforcement and academic credentials.

The Minnesota Crime Prevention Association

Invites you to attend

Security Assessment for Law Enforcement Personnel Seminar

April 27th—May 1st, 2015

Bloomington Police Department
Haeg Conference Room

1800 West Old Shakopee Road,
Bloomington, MN 55431

This course has been submitted to the MN POST board for continuing education credits for Peace Officers.

What is a Security Assessment?

A security assessment or survey is a critical on-site examination to identify security-related risks, threats and vulnerabilities and the determination of needed improvements. Law enforcement personnel are frequently requested to conduct security assessments of residential properties, commercial/retail facilities, schools, houses of worship, government and institutional buildings, construction sites, public utilities, etc.

Objectives

A security assessment should address environmental security, physical security, electronic security and procedural security issues. Law enforcement agencies should have specially trained crime prevention/community resource specialists capable of conducting security assessments or surveys for members of their community or jurisdiction. This seminar is designed to enable participants to effectively conduct a wide range of security surveys or assessments.

Who should attend?

Law enforcement professionals, city and private planners, government officials and other crime prevention practitioners and leaders who are looking for innovative ways to prevent crime in their communities.

Seminar Details

Seminar participants learn how to conduct high-quality security assessments for:

- Residential Properties
- Commercial/Retail Facilities
- Schools
- Industrial/Manufacturing
- Public Utilities
- Houses of Worship
- Construction Sites
- Government Buildings
- Parking Facilities
- Campus Buildings

Certification

This seminar is a certification training program. Passage of a written examination covering seminar topic areas is required for successful completion of the course. Individuals who attend and successfully complete the one-week training program will be recognized as **Certified Law Enforcement Security Assessment Specialists**.

Course Materials

Seminar participants will receive the following:

- A comprehensive seminar presentation guide with detailed PowerPoint and multi-video presentations covering each of the seminar topic areas.
- A copy of the new Security Assessment for Law Enforcement Officer's Guide. This exclusive publication contains numerous templates and standards for the conduct of security assessments.
- A copy of the 900-page 2012 Revised Edition of The Law Enforcement Officer's Complete Crime Prevention Manual.
- A specially designed laser-engraved certification plaque.
